

I strongly object to the STUPID exemption for Radio and TV station telemarketing calls. Doesn't anyone understand that MOST PEOPLE do not want to be called about any advertising from anyone or any unsolicited calls ???!! My phone, fax, e-mail are for my personal use. I pay monthly to have the privilege of using them MYSELF. I do not want anyone CONTACTING ME ABOUT ANYTHING ON A DEVICE THAT I PAY FOR PRIVATELY. If these irritating business/organization people want to waste their time and money, let them pay a regular postage fee and mail their JUNK to my FREE mailbox and I will use it to start my fireplace fire. (They should be made to pay the same postage rate that I must pay to send my mail. It takes just as much time/labor for the post office to deliver junk as it do "real" mail)

My family will not buy anything from a company that has called, faxed or e-mailed their advertisement to our home. If we need one of their items we find a company that does not telemarket.
